## SIMPLE STEPS TO EXPLORE THE BIBLE TOGETHER

A Discovery Bible Study with your group or family is a great way to do church at home. There is no need for experts or training – you just need to be willing to open the Bible, share and discuss questions and be ready for what God wants to teach you. Here are simple steps you can follow:

### Discovery Bible Study Map

#### Ask

- What are you thankful for this week? What has been difficult?
- What are the needs in our community? How can we help?
- Have you followed what God showed you last week? Have you shared? How did it go?

- Choose a Bible passage: (see the Scripture Lists for help)
  - o Read the passage out loud.
  - o Read the passage again.
- As a group, close your Bibles and retell the story together.
- Ask these questions:
  - o What does this tell us about God?
  - o What does this tell us about people?

#### Bible

#### Commit

- Ask the group:
  - o What will you do in response to what we've read?
  - o Who will you share this with?

### Tips

- Share the lead – anyone can lead a Discovery Bible Study, even the kids.
- No worries if you don't understand something – keep reading and exploring.
- Remember no experts – stick to the Bible story and questions – try to avoid one person teaching.

If you've got kids – see our [Family Discovery Bible Study resource](#) to help them meaningfully join in.
